

Budo Dojo COVID Vaccination and Mask Policy

Budo Dojo would like to communicate the following policy regarding COVID vaccination and mask wearing. We all hope that the COVID pandemic will wind down soon, and life can return to normal. Until that time, a strict policy regarding vaccination and masks is necessary will be followed. This policy is subject to change as the COVID pandemic and Oregon state requirements continue to evolve and change.

Vaccination

Everyone training at Budo Dojo must be fully vaccinated for COVID-19, with one of the 3 CDC-approved vaccinations (Pfizer-BioNTech, Moderna, or Johnson & Johnson's Janssen) and must be able to provide proof of vaccination. Booster vaccinations are not a requirement. If state requirements regarding booster vaccinations change in the future this policy may change to match those state requirements.

Budo Dojo respects the rights of individuals to not be vaccinated. However, for the safety of everyone, if you are not vaccinated you will not be invited to train at Budo Dojo during this pandemic.

Masks

Wearing masks while training in any martial art can be difficult. Masks may be accidentally pulled off the face and aerobic workouts involve heavy breathing that is impeded by masks.

Currently, Oregon requirements do not require mask wearing during martial arts training. At the same time, Budo Dojo strives to be respectful of students that prefer to wear masks or prefer their partners to wear masks. To meet these goals, here are the mask expectations at Budo Dojo.

- Whoever is teaching class has the right to request a student to wear a mask at any time.
- Everyone will come to class with a mask that they can put on as needed.
- Students who want to train with a mask are invited to train with a mask.
- If your training partner indicates they prefer you to wear a mask while training, you are expected to respectfully wear a mask while training with that partner.
- You are allowed to train without a mask so long as the teacher or your training partner does not request that you wear a mask.
- You may respectfully choose to train exclusively with partners who also do not want to wear a mask.

We expect all students to honor these requirements as outlined until restrictions are no longer necessary.
